Yuria vs rosar

Should i kill orbeck for yuria. Why does yuria want orbeck dead. Does yuria kill orbeck. Is raftel and laugh tale the same. Should i kill yuria of londor.

Basic statistics shall be treated as such; 18-27 AAP. KZARKA: The Top Dog for competitive PvP. Weapon Kaia: A` a weapon that can be rented in Calphoon for CP that can be used during the gearing of a link awakening weapon: while the A` small list there are some optimal variants and choices. To +15 dA` about + 7% more fulfillment than any other piece. Witch / Berserker works well with the quantity `cc and utility` that they have. Hybrid Ae ay` "A mixture of various statistics and the possibilities` are limited only to choices in Gears you choose. Builds: APe ay` "Full builds AP have been popular since launch, AP A` a linear state (biohack) that increases` the production of the damage. The UruuonAe ay` "This piece A` an alternative to muskan. The 3 Current Ae a` ~meta "Choices for the final game PvP Rocaba - An escapee has set my preset and the new set of preset gears added to the game with Valencia. The gear is not cookie-cutter like most people think it is. If Rosar A is out of stock Krea A` another popular choice. Basic statistics shall be treated as such; 16-25 AAP +7 Human damage. Nouver vs Kutum (PvP): Nouver is typically used up to about 220-230 AP in PvP. Witches and wizards work very well on hybrid builds while their utility` it helps a lot to siege. At +15 the gloves give about + 10% accuracy and act as the Muskan counter. At this time in the current march Meta Boss seems to overcome almost all other choices since© some of the pieces offer bonus statistics without equal to non-boss gears. You want approximately your AP within 50-60 of your DP opponents. This option offers +3 speeds` attack also compares with the critical +3. Basic statistics shall be treated as such; 11-20 AAP +7 All species Damage.Blue/Yellow: This awakening weapon is only used primarily for PvP as A` 1` spell in terms of AAP of the wanted lion tooth. You aware that characters share first, last, or edit names with other characters. Wait till you make this last, only ult it at the highest level you will liveen it due to repair costs. Bio Personality` Reports Main item: Yuria Verde / History of relations Main article: Yuria Verde / History Cure Shamrock Attacks Shamrock LuckCure` The solo attack of Shamrock that can be performed with its Dark Color Pen. Depending on the construction you want either muskan or uruqon could be discussed. Then it makes sense to use Kutum for extra DP in the current destination. It has the same evasion as GriffonA As but sacrifices damage reduction and everything else for +100 CV. It may be harder to find in the market as most people do not grind valencia or just do to acquire these final game pieces and accessories. GiathA As A` @ AA` +100 HP and less DP(than not boss), make this the last piece to reach if you are watchingA` reaching the 4-set bonus. This higher DP A` is thought to be mainly escaped. Liverto A` second only to kzarka, shares the same AP base and 2 gem slots. MuskanA` @ AAs A` @ AA` The second piece for which he strives, like his counterpart AA` dA` +evasion % to +15 as you can see in itA` Abase state higher in DP than other armor choices(remember that DP A` Evasion+DMG Reduction). Although GriffonAs offers +5% all Res and +3 Dmg Reduction compared to GiathA As +100hp.A` A` Lemoria AA` This A` `new armor introduced with Kamasilve. Yuria Verde belongs to me, aka Amahane Supakuru! Do not modify this or ANY of my other pages without my permission, even if A` `small or huge, please! Also, don't try to create series that are ripoffs of my series. Think about this as my probability` basic` 80% to hit, stack 10 escapes lowering my chance` 70% by stacking more!` than ciA` which A` `you need to hit @ AA100%AA` would be overkill. Evasion A` @ AA` A` @AMissA` @ AA` hit by opponents. Heve A` @ AA` This set A` `a great choice for any player as it breaks easily when you acquire the boss gear and dA` +HP as itsAs set bonus.Boss Gear A` @ AA` Not much to say here, itA` AAA` `the OMG I made the pieces. Otherwise, if are an admin or someone fixing an appropriate mistake, your edit is welcome. Armor Choices: This probably ones of the most cookie cutter parts of end game PvP. This is due to the set bonus cutting back on Gem requirements as well as being easier to repair while enhancing. Saiyer/Vangertz(MIX): Some classes have access to an offhand that offers accuracy and evasion, this is highly utilized in competitive play. DP eAAA` A full DP build concludes stacking evasion and damage reduction gear to help achieve being a full tank, good for support rolls or crowd control builds in siege. [Highly Useful in Kamasilve] Nouver Dagger(ATT): This is the eAAANA APeAAA` is king offhand. IteAAAs base stats are as such; 6-8AP and +All Resistance 10% and 2 Gem Slots. Think evasion you get hit less per attack (3/7 hits) then damage reduction reduces damage taken. I have seen some rangers go full accuracy. It mostly sells due to bad judgment and/or old guides that still recommend this option. Ninja/KnosA` A` Accuracy eAAA` A` full accuracy build could be considered overkill, the working theory is that there is a threshold to what is needed for an attack to be a successful eAA`hiteAAA`. This guide will act to fill in the gaps of knowledge you may have and help you decide how you want to gear and the stepping stones to take to achieve said goals. Evasion eAAA` An evasion build is a popular choice for certain assassin classes who want to counter full ap builds. She doesn't care and your edits will be reverted. Besides, this page contains a HUMONGOUS amount of spoilers so read at your own risk!If you fix an error on the page, please type it in the edit summary box so I can see what you have done. It is also theorized that Rosar offers a higher base accuracy than that of yuria. See image below for enchanted level differences. UruqonAAA`As is slated with +1 Movement Speed, and an enhancement increase to damage reduction compared to evasion. Main hands: Yuria: use to be the best choice at launch due to availability Livertos and Kzarkas. Stop it! What are you doing here? That doesn't mean you can't beat a player in Gear Boss Gear with anything less. Dandelion A` `better in slots for PVE and PvP, being 1 spell level in terms of AAP above the blue version that puts support in another level in terms of damage. (This also changes with level). Maehwa / Sorc work well on a full build AP and then do other classes and playstyles. It just means that if you want Min Max Boss Gear A` `the best choice. Transformation Etymology songs Duetti Duetti Gallery Main article: Yuria Verde / Gallery References My last guide was very specific for the destination at the time and market prices. This A` is one of the best pve, blurred and offers great survival right under the parrot while having attacking power just under the AP A` King Choices. Depending on the build Griffon can` make more sense for some builds. A` the biggest difference` A` have 5 less accuracy and be +3 crit to your character statistics for Gemming Options. OFFANDS: Now some casual people have different names for certain classes but have similar statistics that will speak about` the main players that users` for a variety of build of half-to-end games in the current meta.Ae` (userA` the daggers as an example) Parry Pugnale (DEF): this dagger is used in more evasive / defensive builds because they offer maximum quantity of one of these 4 choices. This will change` AP and DP continue to grow. GriffonAe` a` he honestly gets on each other, I'd like you to miss it. Moving Shamrock Stormcure Shamrock's Second Solo Attack that can perform with its dark pen. Includes extras. extra. Bonuses such as MP / WP, STAMINA and Attack / Cast Speed.Ae ay` "The first pieces of gear towards the final game of the Game PvP on each spell at +15 dA` + precision%. DP Ae` ay` "damage reduction + evasion from armor. Ranger / Musa also works well on a precision + evasion hybrid build. It pairs well with Liverto to create a medium level set. (Do not enchant your Yuria) Rosar: practically the new choice if you're just getting into the game while plus! you probably won the funds or resources to enchant a rarer item like Liverto or Kzarka. It` cheap to repair when charming. Rosar Dagger (Def): this dagger A` also used in evasive/defensive builds. The underlying statistics of the latter (gold) are as such; 1-4ap 6dp +1 Special mount (back / already` / air) and 2 twin slots. Media slit
